JOSEPH E. ARMY	

Highway Surveyor

MARTIN J. ROACH

Inspector of Animals

F. A. WATKINS

Tree Warden

EDWARD F. ROACH

Forest Fire Warden

HARRY L. SNELLING

Report of Selectmen

The Selectmen make the following report, recommendations and suggestions:

Regular meetings were held the first and third Wednesdays of each month and several special meetings for urgent business. Every effort has been made to transact the business of the Town economically and for the best interests as a whole.

We have called two special Town meetings to consider the building of a new schoolhouse and recommend speedy action that the building may be ready for occupancy at the opening of the term in September. The board received a petition for a special Town meeting to rescind the previous vote electing the Selectmen for a term of three years. The Board ordered the bridge over the Blackstone River on Riverlin street closed, on account of its unsafe condition.

Cement Bridges

During the past year a cement bridge was constructed on Sycamore street, at a cost of \$1,200 and we recommend that at least an equal amount be appropriated for cement bridges this year. We have consulted the Department of Public Works, Division of Highways, and the County Commissioners in regard to paving Canal street and at their suggestion will not petition for said road until next year. At the suggestion of the State Engineers the Bituminous Roads were not surfaced this year and we recommend the unexpended balance and an appropriation equal to the amount in past years be appropriated at the annual Town meeting.

Sidewalks

We beg to call your attention to the large amount of concrete sidewalks constructed during the past year at a cost to the Town of approximately \$2,000. Through the courtesy of the New England Telephone & Telegraph Co., the Main street portion of sidewalk was installed at very low cost, both to the Town and abutters. We heartily recommend a liberal appropriation for the continuance of the work.

In concluding we desire to express our appreciation of the co-operation and efficiency of the Town officers of the several departments and hope the recommendations they make will receive a careful and just consideration.

CHARLES E. HORNE,
HAROLD B. PROCTOR,
HENRY K. GREENWOOD,

Selectmen of Millbury.

Report of the Overseers of the Poor

In making our report it is our purpose to give the citizens of Millbury a statement in detail of what we have done and how the money appropriated has been expended.

We received at the annual meeting an appropriation of	\$9,000 00
We received at a subsequent meeting an appropriation of	3,000 00
	<hr/>
Making a total of	\$12,000 00

We have paid out:	
For the support of the poor of Millbury	\$8,502 06
For the support of the poor of other towns	704 26
For the support of the poor chargeable to the State	2,478 76
	<hr/>
	\$11,685 08
Leaving an unexpended balance of	\$314 92

The item for the support of the poor of Millbury includes the sum of \$1,190.92 for Mothers' Aid, of which \$396.97 will be, or has been, reimbursed by the State, and \$201 98 incidental expenses and \$200.00 salary of Town Physician.

The other two items amounting to \$3,183.02 have been, or will be, in due time, returned to the Town Treasurer.

We know of no outstanding bills against the Department and have no unpaid bills to report.

Report of Fire Engineers

To the Board of Selectmen:—

The engineers of Fire Department respectfully report as follows:

No change was made in the organization of the Board. During the year Combination Company No. 1 answered 28 bell and 13 still alarms. Combination Company No. 2 answered 43 bell and 32 still alarms. Chemical No. 3 at East Millbury responded to one (1) still alarm. Of the bell alarms 10 were false. The department encountered several serious fires during the year. Notably the Norris Mills Storehouse and the Ducharme barn fire. In both cases surrounding property was threatened. Both fires were confined to the buildings where the fires originated.

The apparatus is in excellent condition. During the year a Howe Chemical Truck was added to the Department and stationed at East Millbury. This machine is equipped with two 40-gallon Halloway type extinguishers, six hand extinguishers, together with a dozen pails, etc. The truck is built by the Howe Fire Apparatus Co. on a Ford chassis, carries one 20-ft. extension ladder and one 12-ft. roof ladder. For incipient fires this machine is equal to the larger trucks. During the year 600 feet of best quality 2½ inch rubber lined hose has been added to the department. In September a representative of the Underwriters inspected the equipment and gave the department credit for its good condition. The apparatus was given 100 per cent for efficiency. We recommend the installation of at least three (3) new fire alarm boxes. There are several places where new boxes should be installed, notably West Main and Water streets near the school building and railroad freight yards. Also

near corner of Grove and Cherry street, and the corner of Church and Canal. This section with freight yards and lumber yard and coal sheds is too great a distance from any box to give the department the advantage of quick call in the event of fire. We believe the Town should offer a suitable reward for information leading to the detection of persons sending in false alarms. There were 10 false alarms last year. Some of these were rung in early morning hours around 2.30 a. m. We venture once more to remind the residents of Millbury that the yearly fire loss of the United States is increasing each year. Last year the American people burned up half a billion dollars. This exclusive of forest fires. The per capita loss in the United States is \$4.67. In Great Britain the per capita loss is 72 cents. Fire prevention week was generally observed throughout the country. With all the observance there has been no noticeable decrease in the fire loss. People still continue to throw lighted matches, cigarette and cigar butts into inflammable materials. They still maintain rubbish piles in dangerous places. They still allow chimneys to go uncleaned and in need of repairs. There are many chimneys in Millbury that are never cleaned except when the Fire Department is summoned to extinguish a soot fire. Ninety per cent of our fires are easily preventable by the exercise of ordinary care. We request the assistance of every citizen in the prevention of fire. We thank all persons who have given assistance in any way during the year. We venture to suggest to the fire "fans" who respond to every alarm that it is detrimental to good work if they park their cars so close to the fire as to interfere with the passage or operation of the apparatus. The financial report will be found elsewhere.

Respectfully submitted,

GEORGE E. WHITEHEAD,
JOSEPH E. ARMY,
WILLIAM D. HORNE,

Engineers.

Report of Board of Health

To the Honorable Board of Selectmen:—

I hereby present the annual report of the Board of Health for the year 1923.

Encephalitis Lethargica	3
Suppurative Conjunctivitis	1
Typhoid Fever	1
Ophthalmia Neonatorum	1
Pneumonia	8
Chicken Pox	10
Tuberculosis	7
Diphtheria	20
Measles	12
Scarlet Fever	10
Whooping Cough	14

FINANCIAL STATEMENT

Appropriation	\$2,000 00
Miscellaneous Bills	1,212 62
<hr style="width: 50%; margin-left: auto; margin-right: 0;"/>	
Unexpended balance	\$787 38

We had a severe epidemic of Diphtheria last summer and three cases were fatal. If the parents had taken more precaution, we think some of the cases could have been avoided.

We have one family who has cost the Town of Millbury about seven hundred dollars in the past year. When making your appropriation for this department for the year 1924, kindly consider that at present we are taking care of children of this family in the hospital, and make your appropriation accordingly.

Respectfully submitted,

PETER FERGUSON,
Clerk.

Report of Moth and Tree Warden

Jan. 1, 1924.

To the Selectmen of the Town of Millbury:—

Report of Gypsy and Browntail Moth Superintendent,
Elm Beetle Superintendent and Tree Warden of the Town
of Millbury.

Elm beetle and browntail moths on Town roads are in a
normal condition. Gypsy moths have increased over last
year.

EDWARD F. ROACH,
Supt. and Tree Warden.

Report of Trustees of Public Library

Your Trustees submit the following as their report for the year ending Dec. 31, 1923. The Library has been open 228 days during the year. We have purchased 306 new books. Circulation for the year was 14,030. Classified as follows: Fiction 8,366, Juvenile 4,745, Classified 508, Magazines 411.

The West Millbury Branch had a circulation of 1,021 making a total circulation of 15,051.

Special attention has been given to books suitable for school children in the grades. Considerable interest has been stimulated among the children by giving certificates to those who have read a certain number of books.

It is going to be necessary in the near future to redecorate the interior of the Library and also to make some repairs to the roof.

Warrant

Worcester, ss.

To either of the Constables of the Town of Millbury, in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Millbury, qualified to vote in elections and town affairs, to meet at the Town Hall, in said Millbury, on Monday the fourth day of February next, at fifteen minutes of six o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose one Selectman for the term of one year, a Town Clerk, Treasurer, Collector of Taxes, Auditor, six Constables, Tree Warden, Highway Surveyor, all for the term of one year, one Overseer of Poor for three years, one member of the School Committee for three years, one Assessor for three years, one member of the Board of Health for three years, one Trustee of Town Library for three years, and one Commissioner of Cemeteries for three years, all to be voted for on one ballot. Also on the same ballot, to vote "Yes" or "No" in answer to the question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this Town?" Also on the same ballot to vote "Yes" or "No" upon the following question: "Shall Chapter 807 of the Acts of 1913, being an act to provide for compensating Laborers, Workmen and Mechanics for injuries sustained in public employment and to exempt from legal

liability counties and municipal corporations which pay such compensation, be accepted by the inhabitants of this Town?"

Article 3. To choose all other necessary Town officers for the year ensuing.

Article 4. To hear the reports of the several Town officers and committee and act thereon.

Article 5. To raise and appropriate such sums of money as may be necessary to defray Town charges for the year ensuing, including sums for the lighting of streets, the maintenance of the Town Library, the observance of Memorial Day, care and improvement of cemeteries, care of clocks, care of fire alarm, the use of the Tree Warden and for Town Aid to needy soldiers and their widows, salaries of fire department, or take any action thereon.

Article 6. To determine the time when all taxes shall be payable and make regulations concerning the payment of the same.

Article 7. To see if the Town will vote to authorize Treasurer with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Article 8. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money in anticipation of the revenue of the financial year of 1925.

Article 9. To see if the Town will authorize the Selectmen to employ counsel in any suit that may be brought against the Town.

Article 10. To choose any committee or committees that may be thought necessary.

Article 11. To see if the Town will authorize the Selectmen to publish a list of all uncollected taxes with the annual reports.

Article 12. To see what action the Town will take with regard to hiring one or more permanent policemen to patrol our streets in the night time and raise and appropriate money for the same, or take any action thereon.

Article 13. To see if the Town will authorize the Assessors to print the Valuation and Tax List and raise and appropriate money therefor.

Article 14. To see if the Town will authorize the payment of outstanding bills from the unexpended balance in the Treasury, or take any action thereon.

Article 15. To see if the Town will raise and appropriate a sum of money to pay the unpaid bills that cannot be met with the unexpended balance in the Treasury, or take any action thereon.

Article 16. To see if the Town will raise and appropriate the sum of \$250, to be paid the Millbury Society for District Nursing, or take any action thereon.

Article 17. To see if the Town will raise and appropriate a sum of money to care for neglected Soldiers' graves, or take any action thereon.

Article 18. To see if the Town will raise and appropriate a sum of money for granolithic sidewalks, providing the abutters are willing to pay one-half of the cost, same to be located and built under the direction of the Selectmen, or take any action thereon.

Article 19. To see if the Town will vote to appoint a committee to investigate the disposal of the sand pit formerly owned by the Town off of Greenwood street, said committee to report at a subsequent Town meeting, or take any other action thereon.

Article 20. To see if the Town will vote to pay to Anthony Palletta, the sum of twelve (\$12.00) for groceries

charged to the account of the Overseers of the Poor, or take any other action thereon.

Article 21. To see if the Town will raise and appropriate a sum of money for the purpose of replacing the sidewalk which was torn up in front of the home of John F. Connors, Maple street, with a granolithic walk of the same width and material as is now constructed southerly and northerly of said walk, or take any action thereon.

Article 22. To see if the Town will vote to pay to Damien Ducharme the sum of fifty-two (\$52.00) for rent charged to the account of the Overseers of the Poor department, or take any action thereon.

Article 23. To see if the Town will vote to raise and appropriate a sum of money for the construction of a granolithic sidewalk on the easterly side of North Main street in front of the home of Norah Carroll, to replace a sidewalk that was covered up at this point, or take any other action thereon.

Article 24. To see if the Town will vote to increase the membership of the committee appointed at the last annual Town meeting to investigate the purchasing of an athletic field, and to continue in office said committee, or take any other action thereon.

Article 25. To see if the Town will vote the use of the Town Hall to be used for basket ball during the present and coming season, to the Millbury high school basket ball teams, and such other teams of amateur standing, according to the judgment of the Selectmen, for reasonable charges of heating and lighting, or take any action thereon.

Article 26. To see if the Town will vote to have weekly payments of salaries and wages to employes in all Town departments, where such employment is regular, according to the routine of any department, or take any action thereon.

Article 27. To see if the Town will appoint a committee to investigate the taking of stone blocks from the town pit which were the property of the Town of Millbury, or take any other action thereon.

Article 28. To see if the Town will raise and appropriate a sum of money to purchase or hire a place for a Public Dump, or act thereon.

Article 29. To see if the Town will vote to appropriate sufficient money to resurface the West Millbury road from the West End Thread Co.'s plant to the Chisel Handle Shop of Henry W. Glover in West Millbury, or take any action relating thereto.

Article 30. To see if the Town will raise and appropriate the sum of Three Hundred Dollars to extend the repairs on the road from the residence of Marcus M. Paine towards the home of S. Frank Stockwell, or act thereon.

Article 31. To see if the Town will raise and appropriate the sum of One Hundred Dollars to repair the road from near the front of Marcus M. Paine's house to the homes of John Bergstrom and Nystrom Brothers, or act thereon.

Article 32. To see if the Town will vote to authorize payment from unexpended balance for land voted for in Article 31 Town warrant of 1922 or take any action thereon.

Article 33. To see if the Town will raise and appropriate a certain sum of money to repair the Providence street sidewalk so that it may assure public safety, or take any action thereon.

Article 34. To see if the Town will raise and appropriate a sum of money for a gravel sidewalk beginning at Pearl street to the power station on the southwest side of the street, or take any action thereon.

Article 35. To see if the Town will vote to raise and appropriate the sum of \$300.00 to finish repairing the road

leading to the residence of Patrick H. McGrath in West Millbury, or take any action thereon.

Article 36. To see if the Town will vote to raise and appropriate a sum of money to place cinders on Highland street from Prospect to Main street and oil same, or take any action thereon.

Article 37. To see if the Town will vote to raise and appropriate the sum of \$300.00 to repair road from G. Burton Stowe's to the Dummy road so called in West Millbury, or take any action thereon.

Article 38. To see if the Town will raise and appropriate a sum of money for four hydrants on Millbury avenue beyond the home of William Howe, or to take any action thereon.

Article 39. To see if the Town will vote to investigate the legality of the election and standing of the members of the board of selectmen, and to appoint a committee with full powers to represent the town in this matter and secure a judicial opinion on the legality and standing of the selectmen, or take any other action thereon.

Article 40. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase or by right of eminent domain, under Chapter 79 of the General Laws, land for school purposes and for the construction and original equipment and furnishing of a new school building on a lot of land on the west side of Millbury avenue, now the property of John C. Hayward's heirs; and to appoint a building committee with full power to acquire the land and construct a building thereon within the sums appropriated, and to provide from revenue the amount required by Chapter 338 of the Acts of 1923, and to authorize the Town Treasurer, with the approval of the Selectmen, to borrow such further sums as may be needed, or to take any action relative thereto.

Article 41. To see if the Town will raise and appropriate a sum of money to purchase an adding machine, or take any action thereon.

Article 42. To see if the Town will raise and appropriate a sum of money for a new floor in Headquarters of George Devoe Post A. L., or take any action thereon.

Article 43. To see if the Town will raise and appropriate the sum of \$600.00 to purchase five new fire alarm boxes, or take any action thereon.

Article 44. To see if the Town will raise and appropriate the sum of \$700.00 for 500 feet of new hose for fire department, or take any action thereon.

Article 45. To see if the Town will raise and appropriate a sum of money to put catch basin, or by some means stop the water from doing damage to the property of the Maurice P. Shahan heirs on Sycamore street.

Article 46. To see if the Town will raise and appropriate a sum of money to place (3) three electric lights on Greenwood street, one at corner of driveway to Martin Solmonsen's house, one at Elizabeth M. Garfield's house and one at corner of driveway of John Alsing's house, or take any action thereon.

Article 47. To see if the Town will raise and appropriate a sum of money to continue the thorough repair of Greenwood street in the Tainter hill district, or take any action thereon.

Article 48. To see if the Town will raise and appropriate a sum of money for electric lights on the Auburn road from Four Corners, Greenwood street to the residence of S. L. Salmonsens, or take any action thereon.

Article 49. To see if the inhabitants of the Town of Millbury will sell and will authorize their Board of Selectmen, in their name and behalf, to execute, acknowledge and de-

liver a deed of a certain parcel of land situated in said Millbury, containing 1 acre and 79 rods; said premises being situated on the westerly side of the State highway from Millbury to Worcester and being the same premises as described in a deed from Marvel Prentice to the inhabitants of the Town of Millbury dated June 8, 1882 and recorded with the Worcester District Deeds, Book 1120, Page 560.

Article 50. To see if the Town will raise and appropriate a sum of money to lay out, repair and accept as a public highway the street leading from Elmwood street to the residence of Esthen Durstthoff, or take any action thereon.

Article 51. To see if the Town will raise and appropriate a sum of money to deepen and widen the course of the Singletary stream abutting the property of James Maloney, or take any action thereon.

Article 52. To see if the Town will raise and appropriate a sum of money to replace or repair the two bridges at Greenwood crossing over the Blackstone river, or take any action thereon.

Article 53. To see if the Town will raise and appropriate a sum of money to install either cement pipe or cement bridges on Dority stream on Riverlin and Grafton streets, or take any action thereon.

Article 54. To see if the Town will raise and appropriate a sum of money to install a suitable drain and catch-basin from the residence of John Arbour to catch-basin on River street, or take any action thereon.

Article 55. To see if the Town will raise and appropriate a sum of money to purchase traffic-signal now being demonstrated on Providence street, or take any action thereon.

Article 56. To see what action the Town will take regarding the bridge now closed on Riverlin street.

Article 57. To see if the Town will vote to raise and appropriate a sum of money for the construction of a cross-walk at the point of intersection of Main and West streets, or take any action thereon.

Article 58. To see if the Town will raise and appropriate a sum of One Thousand dollars to repair the road leading from the Grafton town line to Bucks Village shop, commencing at the Grafton town line, or take any action thereon.

Article 59. To see if the Town will raise and appropriate a sum of money to purchase land for the establishment of forests, or take any action thereon.

Article 60. To see if the Town will raise and appropriate a sum of money for a granolithic sidewalk the abutments to pay one-half of cost, to be located on Riverlin street and built under the direction of the Selectmen, or take any action thereon.

Article 61. To see if the Town will raise and appropriate a sum of money to grade and maintain the triangle as a public park at the junction of West Main and Elmwood streets, or take any action thereon.

Article 62. To see if the Town will raise and appropriate a sum of money to repair Main street from the Baptist church to Town Hall Square, or take any action thereon.

The polls will be open at 6 o'clock a. m., and may be closed at 4 o'clock p. m.

And you are directed to serve this warrant by posting up an attested copy thereof, at each of the Post Offices and at the First Congregational Meeting House in Bramanville, in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given under our hands this Sixteenth day of January in the year One Thousand Nine Hundred and Twenty Four.

Selectmen of Millbury.

Every school day is a flag day.

Report of School Committee

To the Citizens and Taxpayers of Millbury :

A detailed account of the way that the moneys appropriated by the Town for school purposes was spent will be found in another part of this report. The school committee requests you to refer to the superintendent's report for full information as to the work of the past year and for recommendations for the year ensuing. Reference to the reports of the State Board of Education will show that the Town of Millbury has accomplished creditable results at a very much less expenditure than many of the surrounding towns of approximately the same population and valuation. Living in an era of high prices, we are more or less obliged to meet the competition of our neighbors who are striving as we are to educate properly and efficiently the children of to-day.

Your committee is pleased that it can again say to you that the splendid co-operation of the past continues. Co-operation has been the aim of all who have contributed in any degree to the welfare and advancement of school work. The superintendent has been particularly efficient in the performance of his duties, and has been able to maintain cordial and sympathetic relations not only between himself and the teachers but also between the various members of the teaching staff.

Like most of the larger towns and all the cities of the Commonwealth we have faced the problem of insufficient school accommodations. The school population has grown

from year to year and notwithstanding the fact that new buildings have been erected and equipped there is still a need for more buildings. Just when these will be constructed and where they will be located is a matter which should give every person interested in schools thought for very serious reflection and consideration. We do not want buildings erected that in the future may be unoccupied, nor do we want to continue as in the past to sacrifice the education of the young by affording insufficient accommodations. The school committee recommends to all to consider this subject seriously and give it the attention it deserves.

Extensive repairs will be needed during the coming year. At least \$12,000 to \$13,000 will be necessary for the repairs and alterations at the Burbank School Building. These repairs will include the installation of new toilets and a change in the ventilating system. The building must be painted inside and out. New seats and blackboards are almost a necessity. These with other repairs will cost at least the sum above mentioned. Much over \$1,000 will be needed for the following purposes:

Park High School Building—Shingling and inside tinting.

Union Building—A new retaining wall and changes in the sewage disposal.

High School—New floor for the gymnasium and the assembly room retinted.

Providence St.—There ought to be a new fence.

West Millbury School Building—A new furnace with ventilating system and also some provision made for a fire escape.

This briefly outlines some of the work that is before us for the next year.

Your committee in conjunction with others has been in-

vestigating the question of a new building and its location. That committee will probably report in open meeting.

Your committee has endeavored to do its work faithfully and with efficiency. We hope we have not failed. We invite honest criticism and trust that the schools of Millbury will continue to improve and at least maintain the high standard of excellency of the past.

Respectfully submitted,

School Committee.

Report of Superintendent of Schools

To the School Committee:—

I respectfully submit my twelfth annual report and the thirty-fourth in the series of reports by Millbury school superintendents.

The purpose of a good school system should be to train as large a number of its pupils as possible so that they will become self-respecting citizens and able to perform effectively their part in the social and industrial life of the community. For the accomplishment of this idea, the State has enacted laws, making school attendance compulsory, defining certain subjects that must be taught in the schools, and establishing certain regulations in regard to the construction of school buildings to safeguard the health and the lives of the children. The town, as its share, elects school committees to have charge of the schools, appropriates money for the construction of schools, for the employment of teachers, for the purchase of books and supplies, and for many other things necessary for the maintenance of good schools.

It then becomes obvious that if the schools of a community are to compare favorably with those of another or be as good as those certain conditions must obtain. Chief of these would be that its children should all have as good a chance for educational progress as that offered by other places. As money is so large a factor in the producing of good schools, this means that a community cannot with safety appropriate less and spend less per capita on its schools than the average of towns of its class without hurting the good name of its

schools and lessening the chance of its children receiving a fair deal in education. For larger expenditure of money when wisely used means better and more schoolhouses in which to work, better and larger equipment with which to work, better paid and more efficient teachers, better general supervision of all the activities that make for successful schools.

Every town has a feeling of local pride. It likes to say its schools and its things are as good as or better than those of surrounding towns. It does not wish to be extravagant and it does wish to get its money's worth but it wants as good as it can afford even if the cost is high. If it is falling behind in the provision for its schools it wants to know it, so that it can understandingly rectify this condition. No town will knowingly provide less for the education of its children than other towns of its class. Once the people know that their children are less favored in their educational advantages than those elsewhere they want to know the reason why and when they know it demand and get a remedy whether it be more money, improved facilities or a change in administration.

Millbury's location close to Worcester has been of advantage in several ways. It has necessitated the maintenance of schools of high standard because otherwise they would be compared unfavorably with the nearby city schools. It has also made it possible to secure good teachers at a less than standard wage because our schools have been a good stepping stone to the Worcester schools. We have thus been able to have really better schools than we pay for. The schools have been well thought of and their teachers well regarded by parents and townspeople. The children going to other places and to higher institutions of learning have reflected credit upon the town and its schools.

There has been an increasingly large number entering the High School, graduating there, and later entering normal school or college. We now have 36 graduates attending college or normal school. Among the colleges represented are

Bates, Boston Univ., Brown, Bucknell, Clark, Holy Cross, Mass. Agricultural, New Hampshire, Tufts, Worcester Tech, Wellesley, Vassar. Many of these students are leaders in their classes. Two at Worcester Tech have ranked among the first eight in their respective classes. One at Wellesley because of her excellent work has won scholarships that very materially help to meet her college expenses.

Our High School has won during the past year the championship cups in track athletics and in basket ball. In the contest for the prize offered by the Worcester Suburban Electric Co. for the best essay on, "Electricity in the Home," competed for by the high schools of Grafton, Upton, Mendon, Northbridge, Douglas, Uxbridge and Millbury, a Millbury girl won the unanimous decision of the judges. Though a relatively small school it has published monthly a good school paper and has had an orchestra that has won much favorable commendation.

The schools have been provided with supervisors of drawing, manual training, sewing, dress making, music, and this year also physical training, and we have a trained school nurse. The town has provided willingly for the maintenance of these extra school activities.

The people have shown their good will toward the schools in many ways; the Savings Bank by its supervision of a very successful savings system for the school children; the Woman's Club by its weekly story hour for the children of the lower grades; the Community House by its co-operation in supervising play and in providing school lunches; the prizes offered, as the Hurd Prize, the Sharon Prize, the Lincoln Prize, and the Perry Prize.

There is, however, a darker side of the picture that should be brought to the public attention. Our appropriation for schools is not keeping pace with that of other towns or with the growth of our activities and our school population. A table on another page, compiled from the State report for the year ending June 30, 1923, shows the expenditures for schools of Millbury and of several other towns nearest to it

in size and school population. The towns taken are Grafton, Winchendon, Abington, Chelmsford, Millbury, Hingham, Amherst, So. Hadley, Walpole, Wareham, Easton and Agawam. The examination of this table item by item shows in almost every case Millbury's expenditures as less than those of the others and its total expenditures far the lowest. Walpole, a smaller town than Millbury, spent \$132,173 for its schools, while Millbury, the lowest in the group, spent \$65,392 or less than half as much. Grafton, the next town above Millbury in total expenditures, used \$77,395 or \$12,000 more than Millbury though it had three less teachers and 100 less pupils. Grafton also spent during the same year \$11,112 for alterations and new equipment while Millbury spent for these items \$4,362. Briefly every other one of these towns is spending much more per capita for its school membership than Millbury. The conclusion must be that, if Millbury is spending \$12,000 less on its schools than its nearest competitor of about the same size and school population, it is getting a very large return for its money or it is not providing sufficiently for the up-keep and the well-being of its schools. A careful study of the figures in the table will also bring out other interesting facts not altogether favorable to us.

Only two of the above mentioned towns had any school room shortage. Agawam had 56 children attending school part time and Amherst 42.

Millbury, however, had 200 pupils on part time. These make one in every five of the elementary school population and they lose a day a week because of their shorter session. This number would be increased 75 more if we were not using two rooms in the High School, which were intended and are needed for other purposes, for overflow classes. These two rooms would be used as a lunch room for girls and for sewing and drawing classes ordinarily.

The good reputation of a system of school cannot easily be retained, however good its teachers or its administration, if its school committee is not provided with sufficient money to keep them at a high standard of efficiency and to insure

NOTE—Millbury's expenditures per pupil remain about the same as last year's, while those of the State as a whole have gone up over \$3.50.

every child having an opportunity to get a full day's schooling every day.

I wish to express my deep appreciation of the continued confidence that you and the others connected with the schools have placed in me.

C. C. FERGUSON,
Superintendent of Schools.

Principal's Report

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Sir:

I have the honor of submitting my second annual report as Principal of the Millbury High School.

The school opened this fall with an enrollment of 161. This being a reduction of 23 under the registration of last year. This fact being due to the small entering class this fall and to the graduating of the largest class in the history of the school, last June. The present enrollment is composed of 31 Seniors, 35 Juniors, 49 Sophomores, 46 Freshmen, and 1 Post Graduate.

Many of last year's class have continued their education in higher institutions of learning. Three entering Clark University, one Lowell Textile School, one Worcester Polytechnic Institute, one Fall River Chemical School, three Worcester Normal School, two Fitchburg Normal School, and two have entered hospitals, training for nurses.

Millbury High School now has the certificate privilege to Worcester Polytechnic Institute for three years, and has this past year received a renewal certificate from the New England College Certificate Board for a period of three years. Also the State Department has extended our privilege of certification to Normal Schools of the State. Our graduates may enter other Institutions not listed, but who recognize the New England Certificate Board.

In athletics the school was well represented, winning the championship of the Worcester County High School League

in basketball and track, for the first time in the history of the institution. The baseball team while not so successful, won one-half of the games played.

Through our "Extra Curricula Activities" which are closely supervised by school officials, the spirit and interest in the school has materially increased. In fact they are an incentive to more study and work, as the school is following the eligibility rules of the Headmasters' Club of Massachusetts, which controls the policy of about 85 per cent of the High Schools in the State, having supervised activities outside the classroom.

The Freshmen Declamation contest, made possible by the generosity and interest of Mrs. C. B. Perry, was awarded this past year to Ruth Hofstra and Thomas Gallacher. The annual contest on a subject in relation to health, made possible by the kindness of Dr. A. G. Hurd, was won by Cecilia Matson, whose topic was "Prevention of Industrial Accidents."

This Fall the Worcester Suburban Electric Co. offered a prize for the best essay on "The Use of Electricity in the Home" in eight towns of the Blackstone Valley, also another prize for the best paper in the entire Valley. Miss Natalie Plant won the Millbury prize and also that for the entire District.

The annual award given by Dr. J. R. Lincoln for the boy who ranks first in scholarship, athletics, general appearance, manliness and honor, was awarded to Joseph Harris.

This winter extra radiation is being installed on the west side of the building which will greatly benefit not only the health, but the class work of the students, as often in severe weather it has been impossible to keep six rooms warm enough to enable us to carry on classes.

As about one-third of our students are forced to bring their lunch, I feel that some definite action should be taken to find an appropriate place for them to eat under supervision. At present there is no room for this, and it is dif-

ficult for students as well as teachers, owing to crowded conditions of the building.

I wish to especially commend various members of the Faculty for their interest and work in school activities: Mr. Edward Ratigan, for his supervision of the "Reflector," our monthly publication; Miss Gertrude Dudley, for her great interest in the High School Orchestra; Miss Katherine Brosnahan and Miss Maude Heywood, for their time and supervision of School Socials; and Mr. Edward Reidy, for his services in Literary Activities of the school.

In closing my attitude is simply one of appreciation and thanks for the splendid co-operation of Faculty, Superintendent, School Committee, and friends of the High School.

Respectfully submitted,

ERNEST W. PRATT,
Principal.
